## **PREFACE**

This handbook contains information needed by both students and parents during the school year. It is organized alphabetically by topic. Students are addressed as “the student,” “students,” “the child,” or “children.” The term “the student’s parent” refers to the parent, legal guardian, or other person who has agreed to assume school-related responsibility for the student.

Students and parents also need to be familiar with the Ore City Student Code of Conduct, which is found at the end of this handbook as a separate document. The Student Code of Conduct, which sets out the consequences for inappropriate behavior, is required by state law and is intended to promote school safety and an atmosphere for learning.

### ARRIVAL AT SCHOOL

Students arriving at school in the mornings should enter the building and get things ready for first period. Students who eat breakfast should go directly to the cafeteria, eat, and clear the cafeteria by **7:45 a.m.**  
**Students are not to be at the band hall, gym, elementary, or the high school upon arrival at school.**

### ASSEMBLIES

A student's conduct in assemblies must meet the same standard as in the classroom. A student who is tardy or who engages in inappropriate behavior during an assembly will be subject to disciplinary action.

Enter the assembly quietly and orderly.

Leave only as instructed by the principal and/or teacher.

Dismissal is by row at a time with the remainder of the student body still seated.

Give courteous attention to the program. Express approval by applauding, not whistling or loud behavior. Unnecessary and excessive applause reflects badly on the student body.

No gum chewing or eating is allowed.

Refrain from conversations.

### ATTENDANCE

In Texas, a child between the ages of 6 and 18 – must attend school and District-required tutorial sessions unless the student is otherwise legally exempted or excused. School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school, from any class, or from required tutorials, will be considered truant and subject to disciplinary action, which may include court action. [Board Policy Manual: Policy FDC (Legal)]

To receive credit in a class, a student must attend at least 90 percent of the days the class is offered. A student who attends fewer than 90 percent of the days the class is offered cannot receive credit for the class unless the attendance committee finds that the absences are the result of extenuating circumstances, such as:

1. Board-approved extracurricular activity or public performance subject to limitations.
2. Required screening, diagnosis, and treatment for Medicaid-eligible students.
3. Temporary absence resulting from any cause acceptable to the teacher, principal, or Superintendent, including personal illness, or illness or death in the immediate family.
4. Juvenile court proceeding documented by a probation officer.
5. Absence required by state or local welfare authorities.
6. Family emergency or unforeseen or unavoidable instance requiring immediate attention.
7. Approved college visitation.
8. Observation of religious holy days, including travel for that purpose, if before the absence the parent submits a written request for the excused absence.
9. A District-approved mentorship designed to meet requirements of an advanced measure for the Distinguished Achievement graduation program. [Board Policy Manual: Policy FD (Local)]

### MAKE-UP WORK

Make-up assignments or tests shall be made available to students after any absence. Teachers shall inform their students of the amount of time allotted for completing make-up work after an absence; however, the student shall be responsible for obtaining and completing the make-up assignments in a satisfactory manner within the allotted amount of time. Students shall receive a zero for any assignment or test not made up within the allotted time. [Board Policy Manual: Policy FDD (Local), EIA (Local)]

### **ADMITTANCE TO CLASS**

If it is necessary for the student to be absent from school, the parent should call the principal's office during the morning of the absence.

When returning to school after an absence, a student must bring a note signed by the parent that describes the reason for the absence. Notes signed by a student, even with the parent's permission, will not be accepted.

A student must submit this note to the office before the first bell rings. Students who are late to class from the office will be considered unexcused tardy.

### **PERSONAL ILLNESS**

When a student's absence for personal illness exceeds four consecutive days, the student shall present a statement from a physician or health clinic verifying the illness or other condition that requires the student's extended absence from school. If the student has established a questionable pattern of absences, the attendance committee may also require a physician's or clinic's statement of illness after a single day's absence as a condition of classifying the absence as one for which there are extenuating circumstances. [Board Policy Manual: Policy FDD (Local)]

### **UNEXCUSED ABSENCES**

Absences for reasons other than those listed above will be considered unexcused absences, whether or not the student has the parent's permission to be absent.

### **REGAINING CREDIT**

If the attendance committee determines that there have been extenuating circumstances, it will decide how the credit may be regained.

If the attendance committee finds there are no extenuating circumstances for the absence or if the student does not meet the conditions set by the committee to earn or regain credit, the student will not receive credit for the class. If a petition for credit is denied, the student or parent may appeal the decision to the Superintendent. [Board Policy Manual: Policy FDD (Local)]

The District may provide these alternative ways for a student to make up work or regain credit lost because of absences:

- Complete additional assignments as specified by the committee.
- Satisfy time-on-task requirements before and/or after school.
- Attend Saturday classes.
- Attend summer school.
- Maintain the attendance standards for the rest of the semester.
- Take an examination to earn credit in accordance with Board Policy EEJA.

In all cases, the student must also earn a passing grade in order to receive credit.

### **TARDIES**

A student will be counted absent from class if he or she is not present for that class at least one-half the class period. A student who is late to class but present for more than half the class period will be counted tardy. After receiving three (3) unexcused tardies to any class, students may be placed in Special Assignment or subjected to other disciplinary techniques. Repeated instances of unexcused tardies will result in more severe disciplinary action.

A student who is late to class will not be counted tardy if the student has an approved pass from a staff member.

### **LEAVING SCHOOL**

A student who must leave school during the day must bring a note from his/her parent that morning, or the parent must call the principal's office.

Students who become ill during the school day should, with the teacher's permission via a pass, report to the school nurse. The nurse will decide whether or not the student should be sent home and will notify the student's parent.

If a student must leave school during the day, a parent/guardian must sign him/her out in the office.

To attend or participate in any school sponsored activity, students are required to attend school the day of the activity. Special situations may be excused by the Principal, such as a documented health care appointment.

## **AWARDS AND HONORS**

### **ACADEMIC HONOR ROLL**

Students who earn a numerical grade of 90 or above in every subject except band, athletics, and physical education, are eligible for the academic honor roll.

### **HONOR ROLL**

Students who earn a numerical grade of 85 or above in every subject, are eligible for the honor roll.

Students who maintain Honor Roll status for all six weeks reporting periods shall receive an Honor Roll Certificate at the end of the academic year.

To receive a Perfect Attendance Certificate at the end of the school year, a student cannot be absent at any time during the school day except for a school sponsored activity.

## **CLUBS AND ORGANIZATIONS**

Student clubs and performing groups such as the student council, cheerleader, band and athletic teams may establish codes of conduct—and consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct will apply in addition to any consequences specified by the organization.

## **COMMUNICABLE DISEASES**

Parents of a student with a communicable or contagious disease are asked to telephone the school nurse/principal so that other students who have been exposed to the disease can be alerted. A student who has certain diseases is not allowed to come to school while contagious. These diseases include:

amebiasis  
campylobacteriosis  
chickenpox  
common cold with fever  
fifth disease (erythema infectiosum)

[Board Policy Manual: Policy FFAD (E)]

### **COMMUNITIES IN SCHOOLS**

Communities In Schools program may provide services, which may include, but are not limited to supportive guidance/counseling, tutoring, enrichment activities, testing and referrals to other agencies as needed.

### **COMPLAINTS BY STUDENTS/PARENTS**

Usually student or parent complaints or concerns can be addressed simply by a phone call or conference with the teacher. For those complaints and concerns that cannot be so easily handled, the District has adopted a standard complaint policy. For such matters, a student or parent should first discuss the problem with the principal within ten calendar days of learning about the event or problem. If the principal's decision is not satisfactory, the complainant may request, within ten calendar days, a conference with the Superintendent or designee. If the Superintendent's or designee's decision is not satisfactory, the student and/or parent may appear before the Board of Trustees, in accordance with Board Policy. [Board Policy Manual: Policy FNG (Local)]

Some complaints require different procedures. The middle school principal's office can provide information regarding specific complaint processes for the following:

- Discrimination on the basis of gender. [Board Policy Manual: Policy FB]
- Sexual abuse or sexual harassment of a student. [Board Policy Manual: Policy FNCJ (Local)]
- Loss of credit on the basis of attendance. [Board Policy Manual: Policy FDD]
- Teacher removal of a student for disciplinary reasons. [Board Policy Manual: Policy FOAA]
- Removal of a student to a disciplinary alternative education program. [Board Policy Manual: Policy FOAB]
- Expulsion of a student. [Board Policy Manual: Policy FOD]
- Identification, evaluation, or educational placement of a student with a disability. [Board Policy Manual: Policy FB, EHBA]
- Instructional materials. [Board Policy Manual: Policy EFA]
- On-campus distribution of non-school materials to students. [Board Policy Manual: Policy FMA]
- Complaints against District peace officers. [Board Policy Manual: Policy CKE]

### **COMPUTER ACCESS - ACCEPTABLE USE AND CODE OF CONDUCT**

Only students who have been authorized by the District and who are under direct supervision of designated District employees are permitted to use a District computer or to access any local network or outside telecommunications resources such as TENET or the Internet. Prior to such authorization, the student and the student's parent must sign and return the District Student Agreement Form acknowledging their responsibilities and the consequences of violation.

Students are expected to observe network etiquette by being polite and using appropriate language. Students are prohibited from pretending to be someone else; transmitting obscene messages or pictures; revealing personal addresses or telephone numbers - either their own or another person's; or using the network in a way that would disrupt use by others.

### **CONDUCT**

In order for students to take advantage of available learning opportunities and to be productive members of our campus community, each student is expected to:

- Demonstrate courtesy – even when others do not.
- Behave in a responsible manner, always exercising self-discipline.
- Attend all classes, regularly and on time.
- Prepare for each class; take appropriate materials and assignments to class.
- Meet campus standards of grooming and dress.
- Obey all campus and classroom rules.
- Respect the rights and privileges of other students, teachers, and other District staff.
- Respect the property of others, including District property and facilities.
- Cooperate with or assist the school staff in maintaining safety, order and discipline.
- Avoid violations of the Student Code of Conduct.

As required by law, the District has developed and adopted a Student Code of Conduct that prohibits certain behaviors and establishes standards of acceptable behavior – both on and off campus- and consequences for violation of the standards. Students need to be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules, in order to avoid violations and the subsequent consequences.

### **CHEATING/PLAGIARISM/ACADEMIC DISHONESTY**

Copying another person's work, such as homework, classwork, or a test, is a form of cheating. Plagiarism is the use of another person's original ideas or writing as one's own without giving credit to the true author. Plagiarism will be considered cheating and the student will be subject to academic disciplinary action that may include loss of credit for the work in question. Teachers who have reason to believe a student has engaged in cheating or other academic dishonesty will determine the academic penalty to be assessed. Students found to have engaged in academic dishonesty will be subject to disciplinary penalties as well as academic penalties. [Board Policy Manual: Policy EIA(Local)]

### **CORPORAL PUNISHMENT**

Corporal punishment may be used as a discipline management technique in accordance with the Student Code of Conduct.

If a parent or guardian would like to recommend corporal punishment not be considered as a discipline management technique, they must indicate this in writing on the Parent and Student Acknowledgement Form to be turned in by the student.

A disciplinary record shall be maintained of each instance of corporal punishment. [Board Policy Manual: Policy FO(Local)].

### **LASER POINTERS**

Students are not permitted to possess or use laser pointers while on school property, while using District transportation, or while attending school-sponsored or school-related activities, whether on or off school property. Laser pointers will be confiscated and students will be disciplined according to the Student Code of Conduct.

### **PAGING DEVICES/ELECTRONIC DEVICES**

Students may not possess or use paging devices, cell phones, radios, CD players, or tape recorders while on school property or while attending school-sponsored or school-related activities, whether on school property or not. Students who break this rule will have their paging devices, cell phones, radios, CD players, or tape recorders confiscated. Students will pay \$7.50 for a first offense, \$15.00 for a second offense, and a third offense will result in said property not being returned to the student until end of school year.

### **PARTIES AND SOCIAL EVENTS**

All activities of the school shall be in conformity with the purposes of the school's educational program. The following regulations are applicable to all social activities:

- Programs which are not part of the school educational program are to be planned for and limited to non school hours.

- The principal will be in charge of all social activities sanctioned by the school.
- The rules of good conduct and grooming will be observed. [Board Policy Manual: Policy FMD(Local)]

### **SEXUAL HARASSMENT/SEXUAL ABUSE**

Students shall not engage in unwanted and unwelcome verbal or physical contact of a sexual nature directed toward another student or a District employee. All students are expected to treat one another courteously, with respect for the other person's feelings; to avoid any behaviors known to be offensive; and to stop those behaviors when asked or told to stop. All students are prohibited from engaging in offensive verbal or physical conduct of a sexual nature directed toward another student. This prohibition applies whether the conduct is by word, gesture, or any other intimidating sexual conduct, including requests for sexual favors, that the other student regards as offensive or proactive.

A substantiated complaint against a student will result in appropriate disciplinary action, according to the nature of the offense. See the Student Code of Conduct for information regarding disciplinary sanctions.

The District will notify the parents of all students involved in sexual harassment by student(s) when the allegations are not minor, and will notify parents of all incidents of sexual harassment or sexual abuse by an employee. The District encourages parental and student support in its efforts to address and prevent sexual harassment and sexual abuse in the public schools. To the greatest extent possible, complaints will be treated as confidential. Limited disclosure may be necessary to complete a thorough investigation.

Students and/or parents are encouraged to discuss their questions or concerns about the expectations in this area with the teacher, the principal, or Lynn Heflin who serves as the District's Title IX coordinator for students.

A complaint alleging sexual harassment by another student or sexual harassment or sexual abuse by a staff member may be presented by a student and/or parent in a conference with the principal or with the Title IX coordinator. The first conference with the student ordinarily will be held by a person who is the same gender as the student. The conference will be scheduled and held as soon as possible, but no later than seven calendar days of the receipt of the complaint. The principal or Title IX coordinator will conduct an appropriate investigation, which ordinarily will be completed within seven days of the conference. The student and/or parent will be informed if extenuating circumstances delay completion of the investigations.

The student will not be required to present a complaint to a person who is the subject of the complaint.

If the resolution of the complaint is not satisfactory to the student or parent, the student or parent within seven calendar days may request a conference with the Superintendent. Prior to or at this conference, the student and/or parent must submit the complaint in writing and must include (1) a complete statement of the complaint, (2) any evidence supporting the complaint, (3) a statement about how the matter should be resolved, (4) the student's and/or parent's signature, and the date of the conference with the principal, the principal's designee, or the Title IX coordinator. If the resolution by the Superintendent is not satisfactory, the student and/or parent may present the complaint to the Board as provided by policy. [Board Policy Manual: Policy FNCJ(Legal), FNCJ(Local)]

### **VIOLATIONS OF LAW**

- **ALCOHOL, DRUGS, TOBACCO, AND WEAPONS**

Under state and federal law, a student is not allowed to possess, sell, give away, or use alcohol, illegal drugs, tobacco products, guns, or other weapons on school property or at a school-related or school-sanctioned activity, on or off school property. Having one of these items in a privately owned vehicle that the student has driven to school and parked on District property is also prohibited. See Student Code of Conduct.

- **DISRUPTIVE ACTIVITIES**

State law prohibits a student from participating in disruptive activities. That includes acting alone or with others to:

- Interfere with the movement of people in an exit, an entrance, or a hallway of a District building without authorization from an administrator.
- Interfere with an authorized activity by seizing control of all or part of a building.

- Use force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use force, violence, or threats to cause disruption during an assembly.
- Interfere with the movement of people at an exit or an entrance to District property.
- Use force, violence, or threats in an attempt to prevent people from entering or leaving District property without authorization from an administrator.
- Disrupt classes while on district property or on public property that is within 500 feet of District property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; entering a classroom without authorization and disrupting the activity with profane language or any misconduct.
- Interfere with the transportation of students in District vehicles.

### **GANGS AND OTHER PROHIBITED ORGANIZATIONS**

Under state law, a student is prohibited from membership or involvement in a public school fraternity, sorority, secret society, or gang.

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the highest category of offense if they are committed in a gang-free zone. A gang-free zone includes a school bus and a location in, on, or within 100 feet of any district owned or leased property.

### **HAZING ACTIVITIES**

State law also prohibits a student from participating in any hazing activities. A student is guilty of hazing when he or she takes direct hazing action; encourages or assists someone else to take action; recklessly permits such action; has knowledge of planned action or action that has occurred without reporting that knowledge in writing to a school official.

### **CONFERENCES**

Students and parents may expect teachers to request a conference (1) if the student is not maintaining passing grades or achieving the expected level of performance, (2) if the student presents any other problem to the teacher, or (3) in any other case the teacher considers necessary.

A student or parent who wants information or wants to raise a question or concern should confer with the appropriate teacher, counselor, or the principal. A parent who wishes to confer with a teacher may call the middle school office for an appointment during the teacher's conference period or request that the teacher call the parent during the conference period or at another mutually convenient time.

### **COUNSELING**

#### **ACADEMIC COUNSELING**

Students and parents are encouraged to talk with a school counselor, teachers, or principals to learn about the curriculum, course offerings, graduation requirements, and differences between graduation programs. All students in grades 7-12 and their parents will be provided information about the recommended courses for students preparing to attend college, as well as available school-to-work programs. Students who are interested in attending a college, university, or training school or pursuing some other advanced education should work closely with their counselor so that they take the high school courses to best prepare them for further work. The counselor can also provide information about entrance examinations required by many colleges and universities, as well as information about financial aid and housing.

#### **PERSONAL COUNSELING**

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional, academic, or substance abuse issue. The counselor may also make available information about community resources to address personal concerns. Students who wish to meet with the counselor should make an appointment.

The school will not conduct a psychological examination, test, or treatment without first obtaining the parent's written consent, unless required by state or federal law for special education purposes. [Board Policy Manual: Policy FFE, FNG]

## CREDIT BY EXAMINATION

### WITHOUT PRIOR INSTRUCTION

A student in any grades 6-8 may use examinations in lieu of coursework for acceleration to earn credit in an academic course for which the student has no prior instruction. A student planning to take an examination for acceleration must register with the principal no later than 30 days prior to the scheduled testing date.

Questions regarding these examinations and procedures for acceleration may be discussed with the Principal. [Board Policy Manual: Policy EEJB (Local)]

### WITH PRIOR INSTRUCTION

A student who has received prior instruction in a course or subject but failed the course or subject with a grade of no less than 60 may be permitted by the District to earn credit by passing an examination on the essential knowledge and skills defined for the course or subject. To receive credit, a student must score at least 70 on the examination. The attendance review committee may also allow a student with excessive absences to receive credit for a course by passing an examination. A student may not use this examination to regain eligibility to participate in extracurricular activities, however. [Board Policy Manual: Policy EEJA (Local)]

## DISTRIBUTION OF MATERIALS

Written materials, handbills, photographs, pictures, petitions, films, tapes, posters, or other visual or auditory materials may not be sold, posted, circulated, or distributed on any school campus by a student or a non-student without the prior approval of the principal and in accordance with campus regulations.

All material intended for distribution to students that is not under the District's editorial control must be submitted to the principal for review and approval. If the material is not approved within two school days of the time it was submitted, it must be considered disapproved. Disapprovals may be appealed by submitting the disapproved material to the Superintendent; material not approved by the Superintendent within three days is considered disapproved. This disapproval may be appealed to the Board at its next regular meeting when the student will have a reasonable period of time to present his or her viewpoint. [Board Policy Manual: Policy FMA (Local), FNG (Local), GKA (Local), GF (Local)]

## DRESS AND GROOMING

The District's dress code is established to teach grooming and hygiene, to prevent disruption, and minimize safety hazards.

The administration and faculty shall have the right to appraise any current fashion or fad and determine whether it is appropriate or inappropriate for school wear. **The school has the right to ask students to change attire if it is of such nature that it provokes unfavorable comment.** A student who tries to attract attention by dressing in an irregular or unconventional manner is inviting criticism that may damage a good reputation.

Students who disregard the dress and grooming policy are insubordinate and will be subject to disciplinary action. These rules are in effect through the last day of school and apply during regular school hours, school-related events, and traveling on school transportation.

It is the responsibility of the parents and students to comply with school rules and regulations concerning dress and grooming standards.

The principal, in cooperation with the sponsor, coach, or other person in charge of an extracurricular activity, may regulate the dress and grooming of students who participate in the activity. Students who violate these standards may be removed or excluded from the activity for a period determined by the principal or sponsor and may be subject to other disciplinary action. [Board Policy Manual: Policy FNCA(Local)]

Student dress shall conform to the following rules:

**Clothing:**

- Any form of dress that attracts undue attention, disrupts school or detracts from the learning process is not acceptable.
- Shorts may be worn provided the length is no more than 3 inches above the knee (front and back); this requirement also applies to dress and skirt length.
- All shorts and pants must be of heavy material. (cotton, twill, denim, corduroy). Cut-off, micro-mesh, wind, biker, athletic or plastic shorts may not be worn. **This prohibition also applies to shorts, athletic in appearance, made of a thin material such as nylon or knit.**
- **Pants with holes or tears above the knee are not to be worn**
- **Tops with holes or tears are not to be worn**
- Pants must be worn at the waist line; no sagging.
- Blouses or shirts that expose the midriff or chest area when the student goes through the normal activities of the school day (bending, stretching, reaching, or standing, etc.) are prohibited.

Parents are also asked to supply other information that could be required in case of an emergency; parents should update this information as often as necessary. - During subsequent six-week periods, students who receive a six-week grade below 70 in any course or subject or handicapped students who fail to meet the standards in their Individual Education Plan (IEP) may not participate in extracurricular activities during the following three-week period. The suspension from extracurricular activities goes into effect seven (7) days after the last day of the six-week period during which the grade lower than 70 was earned. Students that regain eligibility at the end of the three-week evaluation period must wait seven (7) days to participate in extracurricular activities. Students who regain eligibility at the end of the six-week grading period must wait seven (7) days to participate in extracurricular activities.
- Students are permitted up to fifteen (15) activity-related absences during a full-year course in order to participate in school-related or school-sanctioned activities on or off campus. All UIL activities come under this provision.

### **FEES**

Materials that are part of the basic educational program are provided without charge to students. Students are expected to provide their own supplies of pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

F = 69 or below

Conduct Grades: S = Satisfactory

U = Unsatisfactory (parent/teacher conference required)

Each core subject department will send home at the beginning of the school year an explanation of how grades are derived concerning daily work, homework, exams, projects, etc.

## **HEALTH- RELATED MATTERS**

### **Physical Activity for Students in Middle School**

Students in middle school shall engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters.

### **HOMEWORK**

Homework will be assigned in accordance with each middle school department's goals and objectives for student learning.

### **IMMUNIZATION**

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical or religious reasons, the student should not be immunized. The immunizations required are: diphtheria, tetanus, polio, measles (rubeola), mumps, rubella, hemophilus influenza type B, hepatitis B and varicella (if child has not had chickenpox). The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the Texas Department of Health. Proof of immunization may be personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

**In March 2009, the Department of State Health Services released revised immunization requirements. Beginning August 1, 2009, students entering grade 7 must show proof of receiving one dose of meningococcal vaccine. The Department of State Health Services Web can provide additional information: <http://www.dshs.state.tx/immunize/school/default.shtm>.**

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. licensed physician that states that, in the doctor's opinion, the immunization required would be harmful to the health and well-being of the student or any member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition.

If a student's religious beliefs conflict with the requirement that the student be immunized, the student must present a statement signed by the student (or by the parent if the student is a minor) that states that the immunization conflicts with the beliefs and practices of a recognized church or religious denomination of which the student is an adherent or member. This statement must be renewed yearly. [Board Policy Manual: Policy FFAB (Legal)]

### **INSURANCE**

Ore City ISD provides insurance coverage only for students engaged in UIL sanctioned extracurricular activities and only during the time the student is participating in the activity. It is the responsibility of the parent to provide insurance coverage. Student insurance coverage in addition to that provided for UIL participants is available at a nominal cost.

Any questions regarding student insurance should be directed to the middle school office.

## **LAW ENFORCEMENT**

### **QUESTIONING OF STUDENTS**

When law enforcement officers or other lawful authorities wish to question or interview a student at school:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student.
- The principal ordinarily will make reasonable effort to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

- If the event is part of a child abuse investigation, the principal will cooperate fully regarding the conditions of the interview.

### **STUDENTS TAKEN INTO CUSTODY**

State law requires the District to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- To comply with a properly issued directive to take a student into custody.
- By an authorized representative of Child Protective Services, Texas Department of Protective and Regulatory Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in Family Code relating to the student's physical health or safety.

Before a student is delivered to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student. The principal will immediately notify the Superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Since the principal does not have the authority to block a custody action, notification will most likely occur after the fact.

### **NOTIFICATION OF LAW VIOLATIONS**

The District is also required by state law to notify all instructional and support personnel who have regular contact with a student who has been arrested or taken into custody by a law enforcement agency. [Board Policy Manual: Policy GRA (Legal), GRA (Local)]

### **LEAVING SCHOOL CAMPUS**

Students are not to leave the campus at any time without permission from the principal.

### **LIBRARY/MEDIA CENTER**

The library offers opportunities for research and for reading enjoyment. It is to be used by the students in preparing lesson assignments and for recreational reading. Since the library is a place for reading and study, it is necessary that students respect the rights of others and that there is no loud or unnecessary talking or any violation of good behavior. The following information applies to the operation of the library:

- The library will be open at 7:30 a.m. and remain open until 4:00 p.m. for student use. The library is also open to student use during the lunch period.
- All books are to be checked out before they are taken from the library.
- All regular collection books are checked out for a period of two weeks with renewal privilege.
- Encyclopedias and other reference books may be checked out overnight. These books should be checked out after school and returned before classes begin the next day.
- Students may check out only two books at one time, except with special permission from the librarian.
- A fine of five cents per day is charged for a regular collection book kept overtime, and a fine of twenty-five cents per period is charged for a reference book kept overtime.

- A student must pay for a lost or damaged book which is checked out to him/her.
- All fines should be cleared at the end of each six-weeks.
- Current magazines and newspapers cannot be taken out of the library.
- With the exceptions of before and after school and at lunch, all students must have a pass from a teacher to come to the library.
- Teachers may send students to the library single or in small groups but must accompany the class when the entire class comes to the library.
- The library office and workroom area is to be used by the library staff and assistants. Other students should stay out of this area. Ask the librarian or assistant for help if something is needed from this area.

### **LOCKERS**

Lockers remain under the jurisdiction of the school, even when assigned to an individual student. The school reserves the right to inspect all lockers. Searches of lockers may be conducted at any time there is reasonable cause to do so whether or not the student is present. [Board Policy Manual: Policy FNF (Local)]

Students have full responsibility for the care and neatness of their lockers. Slamming the locker doors and unclean lockers could result in the student's locker privilege being suspended.

There are designated times for students to go to their lockers. Trips to lockers should be made as seldom as possible and never during class periods.

### **LUNCH**

The District participates in the National School Lunch Program and offers free and reduced-price meals based on a student's financial need. Information and applications can be obtained in the principal's office.

Prices for grades 6 - 8 are as follows:

Full Pay \$2.25	Full Pay \$1.25
Reduced \$0.40	Reduced \$0.30
Extra milk \$0.25 carton	

### **LUNCH CHARGES**

Students may obtain lunch and/or breakfast charges (no more than three (3) at a time) in the middle school office. Charges must be cleared before the end of each six weeks.

### **CAFETERIA REGULATIONS**

In order to make lunch more enjoyable, please follow these directives:

- Walk. Do not run to the cafeteria.
- Get in line quickly. Do not cut the line.
- Be orderly, polite, and speak in low tones.
- After getting your tray, you may return only once to the serving area to get any forgotten item.
- Each student is responsible for placing his tray, cartons, napkins, etc. in the disposal area after eating lunch.
- Conduct yourself so that others can enjoy their meals.
- Beverages and/or food will not be taken from the cafeteria at any time.
- When finished eating and putting away trays, return to your table to be dismissed.

### **MEDICINE AT SCHOOL**

A student who must take a prescription medicine during the school day must bring a written request from his or her parent and the medicine, in its properly labeled bottle, to the school nurse. Nonprescription medication, upon a parent's written request, when properly labeled and in the original container can be given to the student. The nurse or principal will give the medicine at the proper times. [Board Policy Manual: Policy FFAC (Legal), FFAC (Local)]

### **NURSE**

If you are hurt or sick, go to the nurse's office after securing a pass from an appropriate teacher. The nurse will sign your pass to return to class. If you are too ill to stay at school, the nurse will call your parent.

### **PARENT INVOLVEMENT, RESPONSIBILITIES, AND RIGHTS**

Education succeeds best when there is a strong partnership between home and school, a partnership that thrives on communication. The school asks parents to:

- Review the information in the Student Handbook, including the attached Student Code of Conduct, with your children; and sign and return the acknowledgment forms. Parents with questions are encouraged to contact the middle school office.
- Encourage their children to put a high priority on education and to commit themselves to making the most of the educational opportunities the school provides.
- Become familiar with all of your children's school activities and with the academic program offered in the District. Discuss with the principal any questions, including concerns about placement, assignment, or early graduation, and the options available to your children. Monitor your children's academic progress and contact teachers as needed.
- Become a school volunteer. For further information, contact the middle school office.
- Attend Board meetings to learn more about District operations, including the procedure for addressing the board when appropriate.
- Exercise their rights to review teaching materials, textbooks, and other aids, and to examine tests that have been administered to their children.
- Be aware of their rights to temporarily remove their children from an instructional activity that conflicts with their religious or moral beliefs. Such a removal cannot be for the purpose of avoiding a test and may not prevent the student from attending for an entire semester, however. Further, such removal does not exempt the student from satisfying grade level or graduation requirements as determined by the school and the Texas Education Agency.
- Participate in campus parent organizations. The activities are varied, ranging from band boosters to the campus committee formulating campus performance objectives fostering improved educational opportunities for all students. For further information, contact the middle school office.
- Review your children's student records when needed. You may review (1) attendance records, (2) test scores, (3) grades, (4) disciplinary records, (5) counseling records, (6) psychological records, (7) applications for admission, (8) health and immunization information, (9) teacher and counselor evaluations, (10) reports of behavioral patterns, and (11) state assessment instruments administered to your children.
- Grant or deny any written request from the District to make a videotape or voice recording of the child unless the videotape or voice recording is to be used for school safety; relates to classroom instruction or a co-curricular or extracurricular activity; or relates to media coverage of the school as permitted by law.
- Attend scheduled conferences and request additional conferences as needed. To schedule a telephone or in-person conference with a teacher, counselor, or principal, please call the school office at 968-3300 for an appointment. A teacher will usually arrange to return the call or meet with the parent during his or her conference period or at a mutually convenient time before or after school.

- You may request, in writing, information regarding the professional qualifications of your child’s teachers, license status, degree major, and undergraduate and/or graduate degrees. Qualifications of any paraprofessional who may provide services to your child must also be provided upon written request

### **PHYSICAL EXAMINATIONS**

Students desiring to participate in the UIL athletic competition shall submit a statement from a physician licensed to practice in the state indicating that the student has been examined and is physically able to participate in the athletic program. [Board Policy Manual: Policy FFAA (Local)]

### **PROGRESS REPORTS**

Progress reports are sent to parents of students at the end of the first three-weeks of each six weeks. These reports are to be signed by a parent and returned within two (2) days.

### **PROMOTION AND RETENTION**

In grades 6-8, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based on course-level, grade-level standards (essential knowledge and skills) for all core subject areas, and a grade of 70 or above in three of the following areas: English language arts, mathematics, science, and social studies. [Board Policy Manual: Policy EIE (Local)] In order to be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on the mathematics and reading sections of the grade 8 TAKS in English.

Parents of a student in grade 8 who does not perform satisfactorily on his or her exams will be notified that their child will participate in special instructional programs designed to improve performance. **The student may be required to participate in this instruction before or after normal school hours or outside the normal school year.**

### **PROTECTION OF STUDENT RIGHTS**

Parents have the right to inspect all instructional materials to be used in connection with a survey, analysis, or evaluation of information in any of the areas listed below. In order to ensure that parent and student rights are protected, the school will ask for written parental consent before allowing a student to participate when an educational program requires such information. The areas are:

- Political affiliations.
- Mental and psychological problems potentially embarrassing to the student or family.
- Sex behavior and attitudes.
- Illegal, anti-social, self-incriminating, and demeaning behavior.
- Critical appraisals of other individuals with whom the student or the student’s family has close family relationship.
- Legally recognized privileged or analogous relationships, such as lawyers, physicians, and ministers.
- Income, except when the information will be used to determine eligibility to participants in a special program or to receive financial assistance under such a program. [Board Policy Manual: Policy EF(Legal)]

### **RECITATION OF DECLARATION OF INDEPENDENCE**

State law designates the week in which September 17 falls as CELEBRATE FREEDOM WEEK. State law also requires that students in Social Studies classes in grades 3-12 recite a portion of the text of the Declaration of Independence during Celebrate Freedom Week unless:

- You provide a written statement requesting that your child be excused, that you have a conscientious objection to the recitation, or that you are a representative from a foreign government to whom the United States has extended diplomatic immunity. (See policy EHBK (LEGAL))

### **PLEDGES OF ALLEGIANCE, A MOMENT OF SILENCE / PRAYER**

- Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school.

- Texas law requires students to recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag each school day. Parents may submit a written request to the principal to excuse their child from reciting a pledge.
- A minute of silence will follow recitation of the pledges. The student may choose to reflect, pray, meditate, or engage in any other silent activity so long as the silent activity does not interfere with or distract others. [See policy EC for more information.]
- Students may choose to “reflect, pray, meditate, or engage in other silent activity that is not likely to interfere or disturb another student.”

### **Removing a Student from Human Sexuality Instruction**

As a part of the district’s curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) is involved with the selection of course materials for such instruction.

State law requires that any instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus or acquired immune deficiency syndrome must:

- Present abstinence from sexual activity as the preferred choice of behavior in relationship to all sexual activity for unmarried persons of school age;
- Devote more attention to abstinence from sexual activity than to any other behavior;
- Emphasize that abstinence is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted diseases, and the emotional trauma associated with adolescent sexual activity;
- Direct adolescents to a standard of behavior in which abstinence from sexual activity before marriage is the most effective way to prevent pregnancy and sexually transmitted diseases; and
- If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

As a parent, you are entitled to review the curriculum materials. In addition, you may remove your child from any part of this instruction with no academic, disciplinary, or other penalties. You may also choose to become more involved with the development of curriculum used for this purpose by becoming a member of the district’s SHAC. Please see the campus principal for additional information.

### **REPORT CARDS**

Report cards which report numerical grades, conduct, and number of absences are sent to parents at the end of each six-week grading period. Any grade below 70 is not passing, and the parent is requested to schedule a conference with the appropriate teacher(s) by calling the middle school office. [Board Policy Manual: Policy EIA (Legal)]

Report cards must be signed by a parent if the student is failing one or more subjects and returned within two (2) days.

### **SCHOOL BUS**

Students being transported in school owned vehicles shall comply with the Student Code of Conduct. Any student who fails to comply with the established rules of conduct while on school transportation shall be subject to disciplinary action and may be denied transportation services. Any damage done to a bus is chargeable to the parent of the student responsible for the damage.

The following rules shall apply to student conduct on school transportation:

- Follow the driver’s directions at all times.
- Each student will have an assigned seat on the bus. This assignment will be made by the driver.
- Students must at all times sit in their assigned seats. Any damage done to a bus is chargeable to the parent/guardian of the student responsible for the damage. Marking, cutting, defacing, or otherwise damaging the bus is strictly prohibited.
- Students will not ride the bus other than the one to which they are assigned without written permission from the appropriate principal. Permission will be granted only for emergency situations. Rules for regular passengers will apply to visitors. Visitors on a bus will be assigned a temporary seat by the driver.

- Non-school groups or organizations that include a number of students must make arrangements other than the school buses for transportation. Available seats are non-existent, and students are not allowed to stand.
- Passengers on buses will not be allowed to eat, drink, or possess or use tobacco products.
- Throwing trash on the floor and out the windows is prohibited.
- Students should always be at the designated stop when the bus arrives. Drivers will not wait for students who are habitually late.
- After boarding a bus, either morning or afternoon, students will not be allowed to leave the bus until their designated stop unless parent/guardian picks them up. Students must board buses in the afternoon at the designated area.
- Passengers will remain seated while the bus is in motion and shall not stick arms, head, or any part of the body out of the windows of the bus.
- Students will allow oncoming students to board the bus without a hassle or hindrance.
- Usual classroom conduct shall be observed. Unruly conduct, including the use of obscene language and gestures, will subject the passenger to disciplinary action.
- No object or article of any kind shall be thrown from the window of a bus.

#### **PENALTY FOR MISCONDUCT**

It should be pointed out here that riding a bus is a privilege - not a right. When a student violates the rules of conduct on school transportation:

- A conference with the principal, student, driver, and parent may be required.
- The principal may suspend the student's bus riding privilege. If such a suspension occurs, the parent shall be notified prior to the time the suspension takes effect.

#### **SCHOOL FACILITIES**

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended – both this year and in the coming years – littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and shall be subject to disciplinary consequences in accordance with the Student Code of Conduct.

#### **PEST CONTROL INFORMATION**

The District periodically applies pesticides inside buildings. Except in an emergency, signs will be posted 48 hours before application. Parents who want to be notified prior to pesticide application inside their child's school assigned area may call Shane Sexton. [Board Policy Manual: Policy CLB (Legal)]

#### **SCHOOL SPONSORED TRIPS**

All school sponsored trips must have administrative approval. All field trips, band trips, and athletic trips are included in this category and are governed by these regulations. All students must travel with the team or group in order to participate in the scheduled event. Students who travel with the team or group to a scheduled event will return with the group, with one exception. Any student may be surrendered by the principal, sponsor, director, or coach to that student's parent/guardian following the event if the parent/guardian personally requests that the student be allowed to ride with the parent/guardian or presents a written request to the principal the day before the scheduled trip that the student be allowed to ride with an adult designated by the parent/guardian.

#### **SEARCHES**

Buildings, lockers, cars, backpacks, food and beverage containers are subject to search by school officials on the property of the Ore City ISD. [Board Policy Manual: Policy FNF]

### **SEXUAL ABUSE OF A CHILD**

Any faculty or staff member who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

### **SPECIAL PROGRAMS**

The District provides special programs for gifted/talented students, ESL students, and for those with disabilities. Students or parents with questions about these programs should contact the principal.

### **STUDENT RECORDS**

A student's school records are confidential and are protected from unauthorized inspection or use. A cumulative record is maintained for each student from the time the student enters the District until the student withdraws or graduates. This record moves with the student from school to school.

By law, both parents, whether married, separated, or divorced, have access to the records of a student who is under 18 or a dependent for tax purposes. A parent whose rights have been legally terminated will be denied access to the records if the school is given a copy of the court order terminating these rights.

The principal is custodian of all records for currently enrolled students at the assigned school. The Superintendent is the custodian of all records for students who have withdrawn or graduated. Records may be reviewed during regular school hours upon completion of the written request form. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records. If circumstances prevent a parent or eligible student from inspecting the records, the District will either provide a copy of the requested records, or make other arrangements for the parent or student to review the requested records.

Parents of a minor or of a student who is a dependent for tax purposes, the student (if 18 or older), school officials, and employees of Communities In School Program with legitimate educational interests are the only persons who have general access to a student's records. School officials include any employees, agents, or Trustees of the District; cooperatives of which the District is a member; or facilities with which the District contracts for placement of students with disabilities, as well as their attorneys and consultants, who are:

- Working with the student;
- Considering disciplinary or academic actions, the student's case, an Individual Education Plan (IEP) for a student with disabilities under IDEA, or an individually designed program for a student with disabilities under Section 504;
- Compiling statistical data; or
- Investigating or evaluating programs.

Certain other officials from various governmental agencies may have limited access to the records. The District forwards a student's records without prior consent on request to a school in which a student seeks or intends to enroll. Records are also released in accordance with court order or lawfully issued subpoena. Unless the subpoena is issued for law enforcement purposes and the subpoena orders that its contents, existence, or the information sought not be disclosed, the District will make a reasonable effort to notify the parent or eligible student in advance of compliance. Parental consent is required to release the records to anyone else. When the student reaches 18 years of age, only the student has the right to consent to release records.

The parent's or student's right of access to, and copies of, student records does not extend to all records. Materials that are not considered educational records, such as teachers' personal notes on a student that are shared only with a substitute teacher, records pertaining to former students after they are no longer students in the District, and records maintained by school law enforcement officials for purposes other than school discipline do not have to be made available to the parents or student.

Students over 18 and parents of minor students may inspect the student's records and request a correction if the records are inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. If the District refuses the request to amend the records, the requestor has the right to a hearing. If the records are not amended as a result of the hearing, the

requestor has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although improperly recorded grades may be challenged, parents and students are not allowed to contest a student's grade in a course through this process. Parents or students have the right to file a complaint with the U. S. Department of Education if they believe the District is not in compliance with the law regarding student records.

Copies of student records are available at a cost of \$0.10 per page, payable in advance. Parents may be denied copies of a student's records (1) after the student reaches age 18 and is no longer a dependent for tax purposes; (2) when the student is attending an institution of post-secondary education; (3) if the parent fails to follow proper procedures and pay the copying charge; or (4) when the District is given a copy of a court order terminating the parental right. If the student qualifies for free or reduced-price lunches and the parents are unable to view the records during regular school hours, upon written request of the parent, one copy of the record will be provided at no charge.

Certain information about District students is considered directory information and will be released to anyone who follows procedures for requesting it, unless the parent objects in writing to the principal within ten school days after the issuance of this handbook. Directory information includes: a student's name, address, telephone number, date and place of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, awards received in school, and most recent previous school attended, and other similar information. [Board Policy Manual: Policy FL(Local), FL(E)(Local)]

### **SPECIAL EDUCATION RECORDS**

Parents of a student with disabilities who has been provided special education services by the District will be notified when any information that specifically identifies the student is no longer needed.
